

Business Recycling Information

The City of Agoura Hills has instituted a mandatory commercial sector recycling program in conformance with California Assembly Bill 939 and AB 341. What this means is that all businesses must have recycling programs and all trash haulers must provide the bins for the collection of recyclables.

**Recycling Works!
At home and at work!**

The following haulers are permitted to provide commercial recycling service:

Anderson Disposal	(805) 526-1919
Consolidated Disposal Service	(818) 683-1616
Crown Disposal	(818) 767-0675
GI/Waste Management	(805) 955-4363
J & L Hauling	(888) 565-4634
Universal Waste System, Inc.	(562) 888-2941

Remember:

Encourage your co-workers to reuse and recycle paper at home and work. Keep mailing lists current to avoid duplicate mailings. Use e-mail, voice mail and bulletin boards to circulate company wide messages and information. Tell your clients about your waste reduction efforts. Print or type "Recycled Content" on products with recycled content.

AGOURA HILLS BUSINESS E-WASTE RECYCLING FREE CALL IN PROGRAM

The **PC RECYCLE** City
contracts with PC Recycle to provide on call service to the commercial business sector (service not available to home based businesses)

- ◆ **NOT Acceptable items:** Light bulbs, alkaline batteries, smoke detectors, thermostats & refrigerator's.

Business Recycling Web Sites

The County of Los Angeles has developed a web site to help businesses reduce their waste: www.lacomax.com, is a materials exchange where materials or items that are available or wanted are posted. Simply type in information about the item or material you want to discard or inquire about and your information is available to anyone in the region with Internet access. Listings are accessible both by material category and geographic region.

For additional information, call Solid Waste Solutions, Inc. at (805)495-7521.

Benefits of Business Recycling

- Dwindling landfill space is conserved as materials are diverted from disposal for reuse or recycling.
- Schools and non-profit organizations receive desperately needed materials at little or no cost.
- Disposal costs are reduced for generators of discarded materials.
- L.A. County communities move closer to meeting the state's goal of reducing disposal by 50%!
- Virgin raw materials and the energy to process them are conserved.
