VOLUNTEER OPPORTUNITIES

Staff: Jacob Broyles, Community Services Coordinator

WHAT IS CERT?

Local government prepares for everyday emergencies. However, during a large disaster, the number and scope of incidents can overwhelm conventional

emergency services. The Community Emergency Response Team (CERT); traditionally known as the Disaster Response Team (DRT) in Agoura Hills; is designed to educate residents and businesses about emergency preparedness for hazards that may impact their area and instructs them in basic disaster response skills. Using the skills learned in the classroom and during exercises, CERT-trained DRT members can give critical support to their families, neighbors, and community immediately following a disaster when residents may initially be on their own and emergency services may not be available to help.

If you would like more information about the City of Agoura Hills CERT Disaster Response Team, please contact the CERT information hotline at (818) 597-7302 or contact Louis Celaya at (818) 597-7314.

Water Conservation Efforts by the City of Agoura Hills

Why is the City watering parks and medians during a drought?

The City of Agoura Hills has historically and recently implemented a series of water conservation efforts in order to meet the recent recommendations of the Governor Brown, and the Las Virgenes Municipal Water District. These conservation efforts relate to potable water (drinking water typically used in homes), while city parks and all but two of the City's medians are watered with reclaimed/recycled water. This water is captured from the local sewer pipes and cleaned to be used in public landscaped areas to avoid using valuable potable water. Nonetheless, the City is taking steps to conserve reclaimed and potable water whenever possible.

The City of Agoura Hills takes water conservation very seriously and has implemented conservation methods throughout its facilities and is always looking to utilize native and drought tolerant landscaping wherever possible.

For any specific questions regarding water conservation efforts in the City, please contact Zach Miller at (818) 597-7367, or zmliller@ci.agoura-hills.ca.us

Photographs are periodically taken of people participating in programs and activities. All persons registered in City activities or utilizing City Services thereby agree that any photograph may be used for the promotional purposes including, but not limited to, posting the photograph on the City's website, and/or its promotional, brochures, fliers, social media accounts, and other publications without additional, prior notice or permission and without compensation to the participant.

REASONABLE ACCOMODATIONS

The City of Agoura Hills provides a variety of programs, activities, and classes for all members of the community, including children, teens, and adults with special needs. Parents wishing to enroll their child with special needs or specific accommodations in any of our programs, activities, and/or classes should make sure to let the Department of Community Services know in advance of registering so that requests can be accommodated. Those parents will be contacted by the Department of Community Services staff so that reasonable accommodations can be made to accommodate the inclusion of their special needs child. Because of the limited staff ratio, it is usually required that a child with special needs be accompanied by an aide or caregiver, depending on the severity of the disability.
